

# The “Signature Song” Adult Piano Course

This 6-lesson course is designed for the busy adult, who is interested in learning, (or brushing up on the basics of) how to play the piano, but does not have the time to commit to continuous formal, weekly lessons. This course allows you to sit down with a professional teacher, who will introduce (or reintroduce) the fundamental basics, in an encouraging and patient manner, appropriate to your skill level. At the end of the 6-week session, you will have learned how to play one, two, maybe even three of your favorite songs! If you would like to keep progressing, simply sign up for another 6-week session.

Getting started is easy. To make this course extra special to you, we will start off by turning your favorite song into your “Signature Song”. Simply choose the top 3 songs you would like to learn, (from any genre) and we will go from there.
